FOREWORD

OUR BUSINESS is growing and selling bulbs of the highest quality. Being in the best bulb-raising section in the world, we have the natural advantages which, combined with knowledge and experience, permit us to offer bulbs of the greatest blooming value.

GUARANTEE. Inasmuch as we grow our own stock, we can guarantee it absolutely true to name and we will gladly replace any that proves otherwise.

VARIETIES. In presenting varieties we do not offer long lists but those kinds only which experience has taught us are best.

UNUSUAL FLOWERS. You will find, herein, many rare and unusual bulbs. As bulb specialists it is our desire to add to American gardens the finer things gathered from the four corners of the earth.

PRICES. Our prices are the lowest possible consistent with the quality of bulbs we send out. We do not attempt to compete with dealers of inferior stock.

TERMS. Cash with order for immediate delivery. When goods are held for future delivery, a deposit of one-fourth is asked.

DELIVERY is by parcel post prepaid free anywhere within the United States, its possessions, and Canada, unless otherwise noted.
